RELATIVE TO IMPROVING DAVIS MOUNTAINS STATE PARK HIGHWAY

The Speaker laid before the House, for consideration at this time, the following resolution:

S. C. R. No. 6, Requesting improvement of certain highway.

Be It Resolved, By the Senate of Texas, the House of Representatives concurring therein:

Whereas, By Act of the First Called Session of the Fortieth Legislature approved June 9, 1927, the State Highway Commission was directed to immediately make a survey of a highway, to be a part of the system of State highways and to be known as the Davis Mountains State Park Highway, approximately 75 miles long and traversing a mountain area, all more than one mile above sea level; and perhaps unsurpassed in America or the world for scenic beauty and climate suited for both summer and winter recreation; and

Whereas, Said Act provided that said highway so surveyed should be located along routes where the right-of-way might be obtained without expense to the State and where the State Highway Commission might also be able to obtain donations to the State of tracts of land abutting on said highway sufficient in extent and satisfactorily located, in the judgment of the Commission, for the use of the people of Texas for camping accommodations and for park purposes; and

Whereas, Said survey has long been completed; and the right-of-way and

recreation grounds provided for have long been donated and accepted and approved by the Highway Commission, and said Highway has long been duly located as provided by law, and its construction ordered, by the State Highway Commission; and the first fourteen miles thereof, has long since been completed and in use extending from the City of Fort Davis to Mount Locke on which the great observatory of the University of Texas and the University of Chicago is located; and

Whereas, It is highly desirable that the people of Texas should be enabled, with the least possible delay, to utilize this Davis Mountains area, comprising literally the highest and probably the most beautiful mountains between the Rockies and the Alps for recreation purposes; and

Whereas, It is highly important that the thousands of Centennial visitors from other states next year, shall have the opportunity of visiting and inspecting this great Texas mountain area;

Therefore: We earnestly urge the Texas State Highway Commission immediately to take all proper steps to secure the cooperation of any and all appropriate agencies of the Federal Government in making provision for the use of unemployed labor in completing the Davis Mountains State Park Highway so that the area which it traverses may be utilized by the public for recreation purposes to the largest possible extent with the least possible delay; and we further earnestly urge the Texas Planning Commission to cooperate in all proper and practicable ways to secure the accomplishment of this end.
